

Multi-Functional Boots

For Deutsch IPD Connectors

Designed specifically for Deutsch IPD connectors, Industries' high quality line of boots provide a professional looking finishing touch for your Deutsch connectors. Made of durable Plasticsol, these slip-on boots are not only aesthetically appealing, but also provide increased protection from dirt, paint overspray, and pressure washing.

Available for most Deutsch connector lines and competitively priced, these boots are the right boots for your application. Custom designed boots are also available.

- Available in a wide range of sizes to fit many Deutsch IPD connector series including DT, DTM, DTP, DRC, HD10, HDP20, and HD30.
- Rated from -20° F to +212° F
- Slip-on designs make installation quick and easy
- Protection from dirt, paint overspray, and pressure washing
